Public Records Request

The City of Hermosa Beach encourages public participation in the governing process and provides reasonable accessibility to all public records except those documents which are exempt from disclosure by express provisions of law or considered confidential or privileged under the law. The City is under no obligation to respond to requests which are not focused or specific. The City may withhold documents which are exempt from disclosure under state or federal law, including the attorney—client privilege or any other applicable privilege. The City, in accordance with Government Code Section 6253(b), has ten (10) days to respond to any request for public documents by indicating whether or not the documents exist and will be made available. Actual production of the documents may take somewhat longer depending upon their ease of availability and staff workload. To assist us in providing a timely response to your request, please fill out the form below and indicate the specific record/document you wish to review.

City council members,

Back on July 7th I replied to a survey from Stacey Armato asking where she came up with the conclusion the the majority of the city wants to pave or hardscape the greenbelt for accessibility issues, for I came up with the opposite conclusion from my discussion with neighbors and residents.

I also asked where I could find out just how much money we have spent on studies over the last 4 years related to "carbon Neutrality" and things such as hardscaping the greenbelt. I did not get a reply - so I am reaching out to anyone who could assist me in where I would find this information?

Also - is there a document that summarizes the voting history on issues for each council member that is accessible to the public?

Thank you for your response in advance.
